Fire Fighter Safety During Training—BE SAFE!

It is so important to remember that fire fighters can get injured at any time, whether it be on a call or even during training. Recently there has been renewed focus placed on keeping everyone safe while they are in training.

For assistance in choosing training materials, or to make recommendations for additions to the library, please contact Laura Bucaro, the commission librarian at (512) 936-3833, via e-mail at laura.bucaro@tcfp.state.tx.us, or visit the Emerson Library at the commission's headquarters facility during regular business hours.

Happy National Library Week

During this week we think a lot about what we do and why we do it. YOU are the answer. Librarians sincerely care about getting valuable information to you, when you need it. So, "Happy National Library Week" from the Emerson Library to our wonderful users! Please let us know if we can help you in any way, whether it be with research you need completed, and simple question you need an answer to, or training materials you'd like to borrow.

On a personal note, I've been here almost a year now and it has been my pleasure to work at the Commission. Coming to the Commission with no fire background, I've had to learn about fire protection from the ground up. I feel like I've learned a great deal over the last year, and in learning more about what you all do, I've realized it is definitely MY honor to serve you. Thank you for this opportunity and for letting me help you serve your communities!
