**New Car Technology Lessons for Firefighters.**

Hybrid vehicles of all types are becoming more prevalent today than ever. They, and their new technology, pose unique challenges to fire rescue personnel. Keep yourself, and your department, educated on the identification and fire ground/rescue treatment of hybrid vehicles. The TCFP Library is here to assist you in your training.

Below are some AV items which might be of use to you and your team. Click on the titles for details and reservation information:
